The annual school fee account will be equally divided by the number of payments based on your frequency selection and that amount will be the year's direct debit amount.

Where a school fee account is credited with CSEF payments, or conveyance allowance, the direct debit will be stopped at an earlier payment and you will be notified that the account has been paid in full for the year and the direct debit is stopping early. This is done as the State Government payments are conditional and are not guaranteed payments until received.
